

**Upstate Chapter, South Carolina Native Plant Society
Native Plant Rescue Participant Agreement**

Site: _____

Upon signing, each participant agrees to the following:

1. I will not return to any SCNPS rescue site for the purpose of removal of additional plants for private purposes or for the purpose of protesting or impeding development.
2. I understand that all plants removed during a rescue operation are the property of the SCNPS except those plants that the facilitator may allow me to keep for my personal use. I will not sell any of the plants I take from this or any rescue site.
3. I will not do anything to antagonize or upset the developers/property owners of this site, or to impede development.
4. I will listen to and conform to the rules and guidelines as explained by the SCNPS rescue facilitator.
5. I will not discuss with or disclose any information to outside agencies, organizations or the media concerning any rescue site location, its disposition or the plants discovered there. All such inquiries should be referred to the President of the Upstate Chapter, NPS.
6. I will not hold the SCNPS or the developer responsible should I suffer an adverse medical reaction to any plant, animal or insect I encounter while on a rescue. Furthermore, I understand that if I have a known pre-existing life-threatening allergy to insects and/or plants, it is my responsibility to carry my own medication and be able to administer it to myself should the need arise. I will not hold SCNPS responsible for accidents or injuries while on this field trip.
7. I understand that if I violate this agreement, I may not be able to participate in any future SCNPS rescues.
